DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-17, 19-31, 33-36, and 38-46 are rejected under 35 U.S.C. 102(b) as being anticipated by Blants et al. US Patent Number 6,231,519 B1.

1. A method of detecting an event comprising the steps of:

a) evaluating a patient to determine at least one health symptom experienced by the patient; (see column 4, lines 35-67)

b) monitoring occurrences of the at least one health symptom; (see column 4, lines 35-67)

c) comparing the occurrences of the at least one health symptom to a trigger value; (see column 4, lines 35-67)and

d) activating an alert when the occurrences of the at least one health symptom exceed the trigger value (see column 4, lines 35-67; and column 5, lines 30-35).

In regards to claims 2-17, 19-31, 33-36, 38-46 see figures 1-3 and column 1, lines 33-67, column 2, lines 1-15, column 4, lines 35-67; and column 5, lines 30-35. In regards to claim 9, each allergen includes its own trigger. In regards to claim 11, the system at least weights each symptom at the same level.

Allowable Subject Matter

Claim 18 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to the pending claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
